

## **DiDi Sincerely Accepts CAC Decision, Commits to Comprehensive Self-assessment and Rectification**

07/23/2022

BEIJING – DiDi Global Inc. (“DiDi” or the “Company”) today announced that the Cyberspace Administration of China has rendered its decision in accordance with the law regarding the administrative fine to be imposed on the Company in connection with its cybersecurity review. The Company sincerely accepts the CAC’s decision and is firmly committed to complying with it. The Company will commit itself to comprehensive self-assessment, active coordination with the regulatory authorities, earnest completion of rectification, and rigorous adherence to the requirements of the decision and of applicable laws and regulations. The Company is grateful for the review, the guidance of the regulatory authorities, and the criticism and supervision of society and the public. The Company will learn from this lesson to persist in advancing both safety and development together, further enhance its cybersecurity and data protection measures, strengthen the protection of personal information, carry out its societal responsibilities, serve its riders, drivers and partners well, and achieve safe, healthy and sustainable enterprise development.
